Financing & Payment Terms

We aim to make your transactions with us to be as simple and painless as it can be for you. We have the following payment policies to keep our costs low and best serve our customers.

SERVICE WORK: All service work is performed on a Cash On Delivery basis. Please be prepared with a check or credit card to pay the service technician when repairs are complete and before we leave your home or business. We will email or mail you an invoice marked paid.

CASH TERMS: All transactions that are not being paid at time of completion via credit card payment or with approved financing shall fall under our CASH TERMS. Our definition of CASH TERMS is a down payment of 50% by check or credit card at time of order with the entire remaining payment to be made by check or card to the installation technicians before they leave your home or business.

FINANCING: Many of the products and services we offer can be financed. Terms and plans available will vary by product type and level purchased. Financing is subject to prior credit approval. You may contact our office and speak with our office manager, Lynn Vreeke, between the hours of 9AM and 2:30PM weekdays to apply for credit or by visiting our website and clicking on the financing option.
